

BRADMORE PARISH COUNCIL

The Parish Council has been asked by residents to remind villagers and their visitors of the need to park their vehicles thoughtfully and responsibly in the village, particularly on Farmer Street. Dangerous situations occur when residents and visitors park:

- **on the 2 bends of Farmer Street**
- **at the bottom of Far Street opposite the noticeboard**
- **adjacent to the Methodist Church and across the junctions with Far Street and Main Street**
- **adjacent to the post box**
- **on Farmer Street between Tofts Farm and the village exit.**

When cars are parked in these locations people are forced to drive on the opposite side of the road and into the path of oncoming vehicles. For everyone's safety, please avoid parking in these locations. Slow right down and exercise caution at all junctions.
