## **Racing Tips & Sail Trim**

with our very own

**Andy Beagrie**

or

### **Why is there a big pole at the pointy end?**

Our own Rear Commodore Cruising, Andy Beagrie, will take us through the basics of sail trim and race tactics. He has raced during Cowes week for the past seven years, winning his Class once. In addition he has numerous starts under his belt - but not quite so many finishes!

**NB** The sharp eyed among you will notice that Andy is not Tracey Edwards (contrary to any rumours you may have heard!). Seriously though, we are hoping she will be able to join us at a later date.
